The Evolution of AI

A simple timeline from 1950 to today

Jaleel Syed | AIML-500 Fundamentals of AI and ML | Indiana Wesleyan University

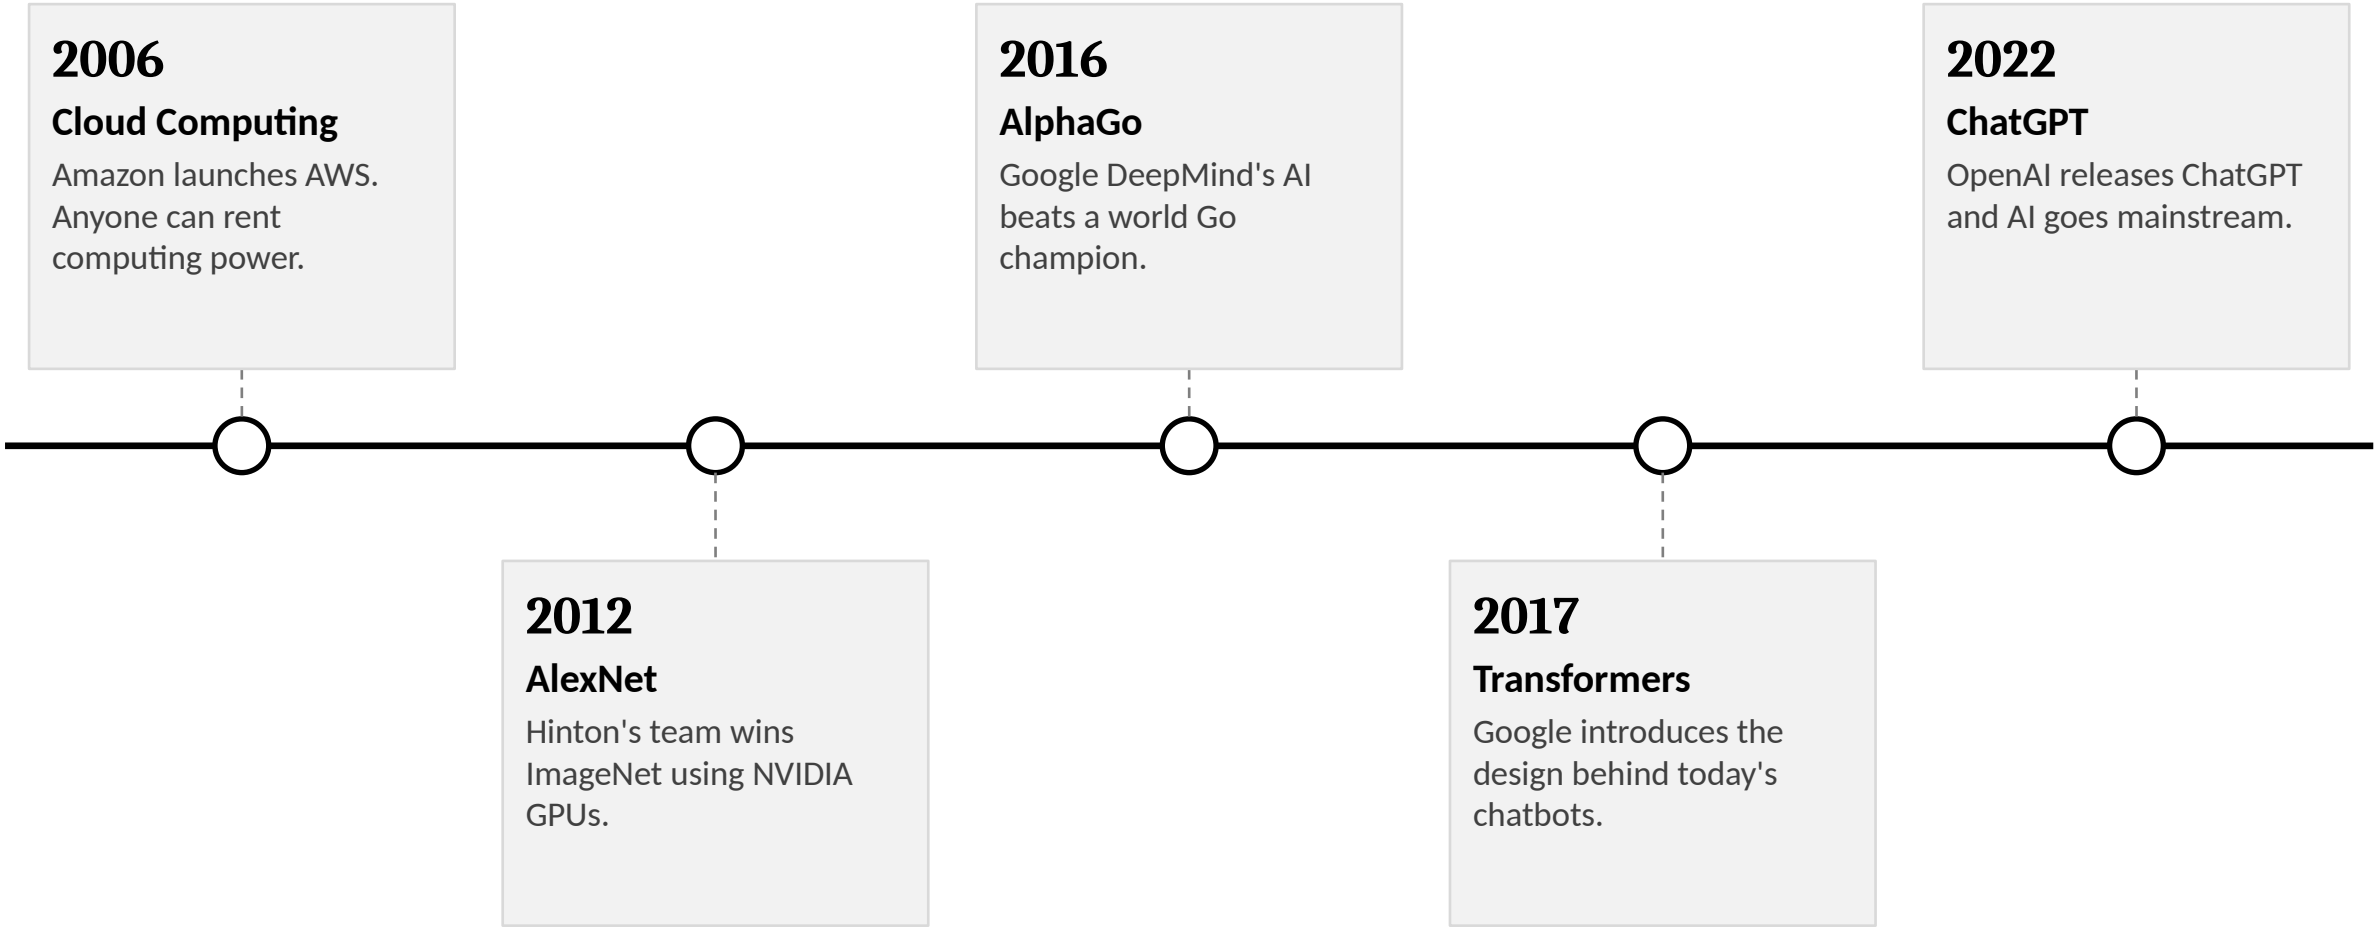

Part 1: The Early Years (1950–1997)

Black boxes are the AI winters, when progress and funding slowed down.

Part 2: Deep Learning and the Cloud (2006–Today)

More data, GPUs and cloud computing made AI take off.
